

To: Angus Breeders

From: South Carolina Angus Association

Re: 2023 Carolina Angus Futurity – March 18, 2023 at Clemson University

Now is the time to nominate your Angus genetics to the 50th annual Carolina Angus Futurity sale. We will be traveling soon for inspection and would enjoy including you on our tour.

We are looking for quality pairs, bred heifers and cows, open heifers, as well as ET pregnancies and embryos.

A \$150 nomination fee per animal is required. The fee will be refunded and deducted from your sale expense at sale settlement. If you pull your consignment after the sale book goes to print, you will forfeit the nomination fee.

Please contact any SCAA board member if you have questions about the nomination process.

Consignment Nomination

Name _____ Farm Name _____
Address _____ City _____ State _____ Zip _____
Phone _____ Cell _____ Email _____

I would like to nominate (place number of lots in space):

| | |
|--------------------|--------------------------------|
